So many students come to college confused and lacking direction but you (Counselor) can change that by assisting them in selecting the right major and career pathway that fits Who They Are. This leads to your students being successful in work, life and service to others. Follow Your Inner Heroes to the Work You Love offers a SIMPLE yet powerful tool to accomplish this goal.

"This is both a delightful book and website. Carolyn gives an intelligent and warm explanation of the idea that all mankind divides into four basic personality types or temperaments, ...based on the earlier work of David Keirse, Isabel Myers and Carl Jung. Highly Recommended."
